The Alberta Registered Music Teachers' Association Edmonton Branch is a vibrant professional organization offering many varied and exciting programs to its members. We provide continuing education, recitals, advertising, music teacher referral services and much more. Most importantly, our members have an opportunity to network with other teachers. We welcome anyone who is a member of our provincial association to become a member of our branch. In addition to the benefits available through provincial membership, there are many more benefits to becoming a member of our branch:

## FIND A TEACHER WEBSITE

The Find a Teacher portion of our website is the most frequently visited portion of our website. You can edit which contact information you would like to have displayed in the online directory and include a profile description to help prospective students learn more about you.

## NEWSLETTERS

Members receive a monthly email newsletter with information about local upcoming events, workshops, conferences, and continuing education opportunities. Each month we feature a member in our Meet our Members section to help you get to know other teachers. Members may advertise the non-profit activities in their studios for free or their for-profit announcements for a small fee .

## PROFESSIONAL DEVELOPMENT AND WORKSHOPS

We offer workshops and ongoing programs to help you continue to learn in a variety of areas. Upcoming sessions are advertised on our website and in our newsletter.

**Continuing Education** events take place about four times a year and include sessions for teachers on a variety of topics. You can register for individual sessions

or an entire year. While there is usually a fee for sessions, they are subsidised by the branch.

**Theory Etudes** are a once a month meeting of teachers who help each other with teaching the intricacies of advanced theory.

## COMPETITIONS

Our branch works with the Edmonton Youth Orchestra to put on the **Northern Alberta Concerto Competition** which offers Junior and Senior levels of competition for piano, organ and voice one year and strings, winds and brass instruments in alternating years. The winner plays their concerto in concert at the Winspear Centre with the Edmonton Youth Orchestra in addition to cash prizes.

Our branch also supports the **Provincial Piano Competition** with prize money.

## SCHOLARSHIPS

As a member, your students are eligible to receive scholarships of \$50 to \$100 for top marks in Royal Conservatory or Conservatory Canada exams at our **Awards Recital**. Teachers must apply on behalf of their students by the middle of October each year. Application forms and more information are available online.

We offer a Further **Education Scholarship for Studio Teachers** annually to northern Alberta studio music teachers who are seeking funding for further education projects.

Our branch is also proud to support scholarships through local festivals including:

- Kiwanis Music Festival
- Grant MacEwan College Fall Festival
- Fort Saskatchewan Music Festival
- St. Albert Rotary Music Festival
- Parkland Music Teachers Association

In addition, we are a proud supporter of Contemporary

Showcase.

As already mentioned, we also provide scholarships to the winners of the Northern Alberta Concerto Competition and the Provincial Piano Competition.

## STUDENT RECITALS AND PERFORMANCE OPPORTUNITIES

Three times a year, we have **Student Recitals** that are open to your students to give them additional performance opportunities. These are timed just before exam sessions and festivals to help them prepare for critical performances.

Our **Clementi Sonatina Project** gives students the opportunity to play their first mini-piano-concerto by performing a movement of one of Clementi's Sonatinas with members of the Edmonton Youth Orchestra, arranged by Michael Massey.

## STAFF (STUDENT TEACHER ADVANCEMENT FOR THE FUTURE)

Student teachers may ask for help with their students having problems in Piano, Singing or Theory. A student teacher is someone with Grade 8 Piano or Vocal & accompanying theory requirements, and up to 2 years after your ARCT or CC equivalent is finished. A consultant with 57 years teaching experience is ready to help either by phone or at her home with the student or student-teacher at no cost.
